Message for prospective Toastmasters:

Ever since I jumped in Toastmasters Club in April, 2015, I've been learning a bunch of things through the club activities such as the club management, the contest facilitation, the competition at contest, etc.

I'm sure you have some improvements to make in your life. Why don't you talk about them with me? Improvements to smooth communication skills with your partner, your co-workers, or your clients? Improvements to dynamic leadership that you need to acquire to achieve your goals with your friends? Toastmasters Club is the place where you develop both of them, also the place where you can enjoy your failure on your way to achieve your goals.

"Public Speaking" and "leadership" would sound a bit over the top. Let me make them simple: smoothly delivering your ideas to the others, and successfully achieving your goals with your friends. Toastmasters Club has what you want.

Why don't you drop by our meetings? Your "First Step," that's all I'll be waiting for.
